

Dear Dr Chen

I am pleased to inform you that your manuscript, H_∞ Optimal Output Tracking Control for Markov Jump Systems: A Reinforcement Learning-Based Approach, is acceptable for publication in International Journal of Robust and Nonlinear Control.

First Look NEW: Please note although the manuscript is accepted the files will now be checked to ensure that everything is ready for publication, and you may be contacted if final versions of files for publication are required. Your article will then be transmitted to the Publisher, John Wiley, and in due course you will receive PDF proofs of your article for checking.

Your article will be published online at Wiley Online Library prior to print publication.

Your article cannot be published until the publisher has received the appropriate signed license agreement. Within the next few days the corresponding author will receive an email from Wiley's Author Services system which will ask them to log in and will present them with the appropriate license for completion.

This journal offers a number of license options for published papers; information about this is available here: <https://authorservices.wiley.com/author-resources/Journal-Authors/licensing/index.html>. The submitting author has confirmed that all co-authors have the necessary rights to grant in the submission, including in light of each co-author's funder policies. If any author's funder has a policy that restricts which kinds of license they can sign, for example if the funder is a member of Coalition S, please make sure the submitting author is aware.

Thank you for your support of International Journal of Robust and Nonlinear Control. I look forward to seeing more of your work in the future.

Sincerely,

Dr Dong SHEN
International Journal of Robust and Nonlinear Control
